

**Top Tips!**  
**Working exclusively**  
**with a recruiter**

HASSON ASSOCIATES

Partnering **exclusively** with a recruiter offers numerous benefits, from **seamless, efficient, and effective hiring solutions** to **access to top-tier talent**.

**Here is why exclusivity delivers better results:**

# Cost saving

By choosing exclusivity, you will benefit from a discount off the usual contingency rate.

# **A dedicated team**

Your role will be guaranteed top priority and will be managed by 2 members of our senior team.

# Tailored job spec and recruitment pack

If required, we can work with you to create a compelling job spec and supporting materials to show your business in the best light.

# Targeted online adverts

Using your branding, adverts will be designed and managed by us for maximum visibility.

# Efficient candidate management

All responses handled via a dedicated email. Candidates approaching you directly would be re-directed to us for pre-screening and managed through the recruitment process.

# Multi-channel sourcing

Combining ads, contingency search & headhunting (including client-sourced candidates).

# Fixed timeline

To ensure a smooth and efficient process, we can work to pre-agreed timelines for short-list and interviews.
